We're not just another distributor...

DONMAR offers manufacturer direct pricing and support combined with the convenience and fast service of a warehouse distributor.

No other company sells as many types of sunroofs and unique specialty products to fill your restyling needs. Many of our products are manufactured especially for DONMAR, plus we distribute some of the best name brand accessories in the industry.

Our complete inventory of spare and replacement parts means you won't be left stranded. We'll respond quickly to get you what you need.

We test and install every product to ensure that you receive only the finest quality sunroofs and restyling accessories when you buy from DONMAR.

Kal Levinson
President

Your One Stop Sunroof and Accessories Source!

We Stock What We Sell

Our commitment to service includes maintaining a large inventory so we can provide you with the fastest possible delivery.

Expert Customer Service

Our expert sales staff is ready to serve you from 8:30 a.m. to 6:30 p.m. Eastern. We can help you choose the right product and offer ideas on how to sell it.

Top Notch Tech Support

Our staff includes some of the most knowledgeable people in the industry, and can answer almost any question.

Made in U.S.A.

We're proud to say that many of our products are made in the U.S.A. The remainder are unique, high quality products from around the world.

Same Day Shipping

We give the best service in the business. Most orders received by 3:30 p.m. Eastern are shipped same day.

DONMAR does NOT support DIY (do-it-yourself) installation of our professional restyling products. We will not ship to consumers, nor will we provide technical or warranty support directly to consumers. Over-the-counter sales of sunroofs will void all warranties, as they MUST be professionally installed.

DONMAR offers a wide range of contour hugging front guards and taillight guards to enhance the appearance of today's trucks. Available for most applications, including a complete range of luxury SUV's from **Aries**, **Design** and **T&H** (Smittybilt available special order).

Aries Full Grille Guards

ARIES Automotive

Aries Grille Guards offer traditional safari styling with removable headlight protection. Choice of black powdercoat or bright polished stainless steel. Heavy duty plate steel uprights are wrapped with thick rubber bumpers for protection. One-piece welded construction.

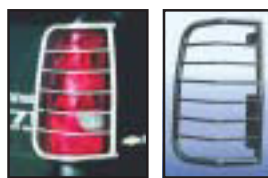

SportBars are a stylish bumper height bar for limited specialty applications. Made from 2 inch diameter polished stainless steel.

Bull Bars provide a more aggressive look with 3 inch diameter stainless steel tubing and include a stamped skid plate. Also available in black.

Taillight Guards complete the rugged look. A full range of stylish tubular steel guards that follow the taillight lense contours.

Made in China. Warranty: *3 yrs Black, Lifetime Stainless.*

Aries also makes great looking Hummer H2 styling upgrades.

Metal Taillight Guards
Stainless or Black

ARIES Bull Bar
with skid plate

ARIES Sport Bar
(limited applications)

H2 Deluxe Style Grille Guard

BACK COUNTRY Sport Bars

Back Country Sport Bars by Design are a stylish bumper height front bar. Made from 2.5 inch diameter tubing for a more rugged look without being overpowering. Choice of black powdercoat or bright polished stainless steel. Cross bar bows outward to allow space for larger lights (not included). One-piece welded construction. Optional skid plate. Easy installation. UPSable. Made in USA. Warranty: *5 yrs Black, Lifetime Stainless.*

T&H Beefy Bars

T&H Grille Guards offer European styling with oversized tubular uprights. One piece all welded design with removable headlight protection.

Bull Bars are full grille height. **Mini A-bars** are bumper height.

Skid Tubes provide a more rugged look than typical stamped skid plates.

Euro-Tech SportBar offers smooth minimalist European styling and gracefully accents the front end with oversized tubing in a low profile bar.

T&H products are offered in polished stainless steel or satin black powdercoat finish. Mounting brackets are galvanized and powdercoat finished for corrosion protection. T&H makes a full range of luxury and import applications for trucks and SUV's. Made in Israel to military, TUV and ISO9001 quality standards. Warranty: *3yrs Black, Lifetime Stainless.*

DONMAR offers a complete range of tubular steel nerf bars in a variety of shapes and styles. Our nerfs mount to existing holes and install in minutes with ordinary hand tools. Black plastic step pads offer superior grip. *Chrome is not an option*, we only offer premium polished stainless steel or durable black powdercoat finish.

ARIES Tube Steps

Aries Automotive offers a wide range of economically priced traditional style nerf bars, including specialty applications.

Aries 4 inch Oval Tube Side Steps offer a stylish alternative to traditional U Shaped round tube nerf bars. Bright bars are polished stainless steel. Black bars are satin finished powder coated aluminum. Recessed plastic step pads. *Limited applications.*

Made in China. Warranty: 3 yrs Black, Lifetime Stainless.

Traditional, and Oval Tube Nerf Bars

Hummer H2

Hitch Steps

ATS Hitch Steps are made from the same quality aluminum extrusions as their premium running boards. Edge series is available in black, silver or chrome. Platinum is only chrome. Made in USA.

ARIES Hitch Steps drop 5 inches from the top of receiver, making them ideal for large trucks and SUV's. Polished stainless or black powdercoated aluminum 4 inch oval tubes. Made in China.

All hitch steps fit standard 2 inch receiver hitches.

BACK COUNTRY Nerf Bars

Back Country Nerf Bars by Design are traditionally styled, premium 3 inch round nerf bars feature a unique ultra-grip, domed tread step pad for all weather non-slip use. Black bars undergo an OEM 3-stage powdercoat paint process for durability. Polished bars are super bright, aircraft grade 304 stainless steel. Full length wheel-to-wheel (limited apps) also available. Made in USA and China. Warranty: 5 yrs Black, Lifetime Stainless.

ultra-grip domed tread step pad

Mirror polished 304 Stainless

3-stage black electrostatic powdercoat finish

Wheel-to-Wheel

Raptor Nerf Bars

Raptor nerf bars are great looking traditional 3 inch tube steps, targeted to the price sensitive buyer. Molded step pads have a generic grid style tread with no logo. Polished stainless steel applications available for many models. Full length wheel-to-wheel (limited applications) include welded metal end caps. Made in China. Warranty: Lifetime Stainless.

ATS Multi-Fit Boards

ATS is the original multi-fit OE style board. Mix-&-match boards and brackets to fit a wide range of vehicles. OEM quality boards feature a heavy duty extruded aluminum base. Custom-fit body mount brackets make installation simple. Universal *erector set* type brackets also available. Made in USA. Warranty: 3 years.

UNI-BOARD I Lighted are styled like classic Ford Expedition boards, including integrated courtesy lights [86in has lights on back splash]. Molded matte black polyethylene with textured finish (can't be painted).

UNI-BOARD I are styled like Ford SuperDuty factory boards with linear tread (black polyethylene).

UNI-BOARD II features a distinctive oval tread pattern, a stylish alternative to traditional tread (black polyethylene).

GM FACTORY STYLE boards fit 2000-07 GM Tahoe/Yukon, Suburban/YukonXL & Avalanche (w/o cladding) and look like the OEM boards (black polyethylene).

X-TREME SERIES boards are styled like Toyota Highlander factory boards. Molded polyurethane shells must be painted. X-treme I has bullet tip ends, X-Treme II has a flush fit end. Also available with integrated courtesy lights, mounted on the back splash. *Paint Required.*

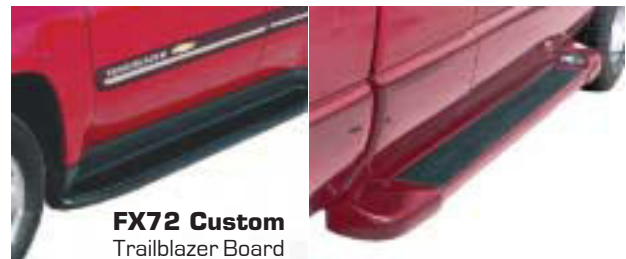

EDGE SERIES combine the styling of an oval tube nerf with the functionality and versatility of a running board. Aluminum boards are available in black powdercoat finish or mirror polished chrome. Full length rubber tread. *Black plastic bracket covers included.*

SL SERIES are styled like Toyota Sienna boards. Low profile design is suitable for minivans. Silver anodized finish with black paintable end caps and full length molded rubber tread. *Paintable.*

PLATINUM SERIES chrome plated aluminum boards provide premium luxury with the convenience of multi-fit design. Knurled rubber tread is inserted into the extrusion, leaving visible chrome between each strip.

SHARP Multi-Fit Boards

Mix-&-match boards and custom or universal brackets to fit a wide range of vehicles. Black ABS molded shells are bonded to a roll formed galvanized steel base. Quarter turn mounting tabs quickly attach boards to brackets. Made in USA. Warranty: 3 years. **FX Series** are fixed length and come in multi-fit sizes and a custom Trailblazer model. **SB Series** are available with or without lights. One molded end is removable, allowing the board to be cut down to as short as 36 inches. *Paintable.*

FX72 Custom Trailblazer Board

Truck Bed Expander

Add extra bed space to carry longer loads. Mounts directly to tailgate and folds flat when tailgate is up. Does not take up cargo space! Anodized aluminum construction with stainless steel hardware resists corrosion. Works with any tonneau or topper. Ships UPS! Made in USA Telescoping frame - *one size fits all.*

1. Open tailgate.

2. Flip up bed expander.

3. Lock in place.

Quick-release for easy removal

Folds flat against tailgate

Fender Flares

ATS fender flares are molded of flexible, OEM urethane and attach with 3M tape and screws (into existing holes). Available unpainted (must be painted) or pre-finished in factory colors (special order). **Stampede** fender flares are molded from paintable UV stable black ABS plastic. Also available in pre-finished camouflage patterns (special order).

Camo Truck Accessories

In addition to Hood Shields and Sidewind Deflectors, we offer the following items in officially licensed Camo patterns from **Stampede Products**: *Taillight Covers, Extended Cab Covers, Mirror Covers, Third Brake Light Covers, Running Boards, Fender Flares, Rocker Panel Moldings, Mud Flaps & Dash kits.* Limited applications - special order, allow 7-10 days lead time. Call for details.

Extended Cab Covers

Taillight Covers

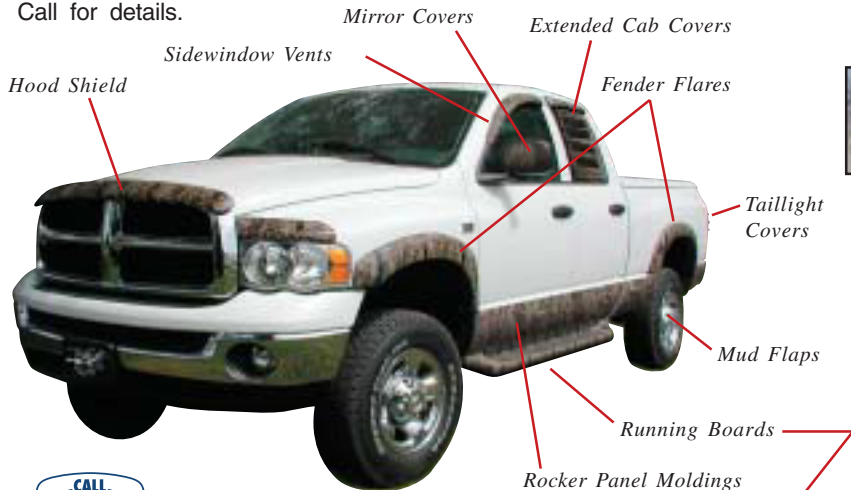

Mud Flaps: Universal fit, choice of camo pattern or black. Standard and Vortex styles. Sold in pairs.

3rd Brake Light Covers

Dash Kits: Custom molded dash kits for trucks - limited applications.

Mirror Covers

Tonneau Covers by Design

Design Automotive tonneaus feature black epoxy painted aluminum rails, metal corners and pre-installed clamps. Made in USA. Warranty: *Ltd. Lifetime Frame & Tarp.*

TekSport tonneaus feature snap in bows and black steel sliding snaps. End snaps are staked to prevent loss. Quick-release tailgate rail for easy removal. Front corners unsnap for easy access.

TekStyle Quick-Hatch* tonneaus are hinged at 2/3 length to lift higher for easier bed access and greater stability. The rear frame section is removable for bulk hauling. Positive latching system closes and locks cover in one easy step. [Special Order]

TekSyle Profile is a roll-up hook and loop fastener system that sits on top of the bed rails for minimal bed intrusion. Rear tensioning levers lock cover securely in place and adjusts for hot/cold tarp tension. Bows support over 500 lbs of snow load.

TEKSPORT

TEKSTYLE QUICK-HATCH

Extang Tonneau Covers

Extang no-drill, clamp-on tonneaus feature heavy duty aluminum frames and pre-arched adjustable bows. Made in USA. MaxCare Warranty: *Lifetime Frame, 10 yrs on Tarp.*

Classic Platinum Cover (7000 series) is a premium full featured tonneau with bright anodized rails, metal corners and adjustable stainless steel sliding snaps. Tailgate rails feature quick-release corners. Black is standard. *Colors and Toolbox special order.*

Extang FullTilt Tonno* (8000 series) is hinged at the cab rail for "full tilt" access to the entire truck bed. Double latch system locks cover in place. Quick disconnect of gas shocks allows easy removal of the entire frame [Special Order].

Extang RT Cover (27000 series) is a premium roll-up tonneau. Low profile styling sits inset in the bed for a flush appearance. PerfectFit control at cab rail adjusts for hot/cold tarp tension. One finger release of the locking tail rail. Bows are attached to and roll up with the tarp. High peel strength Velcro® secures the commercial grade tarp to the rails. *MaxCarePlus Lifetime Warranty on frame and tarp.*

Extang Trifecta Tonno* (44### series) is double hinged for more versatile access. Comes fully assembled, ready to install. Satin black finish on frame. Rugged I-Beam style bows and 45 degree steel corner brackets provide unparalleled strength. Luggage style fasteners secure panels in the fully open position. Unique spring loaded pull down clamps fasten the rear [Special Order].

Hood Shields

Aerodynamic contour styling provides better deflection of flying debris with an aesthetically pleasing style. Stand-away design prevents paint damage and allows for easy cleaning. Smoke color is standard, many models also available in clear. Made in USA. *Ltd. Lifetime Warranty.*

Stampede Vigilante™ Series smoke and clear molded hood shields are formed from high strength, UV stable, scratch resistant polymer. Many models are no-drill. **Vigilante™ Low Profile (LP)** series provide sleek aero styling in a hood hugging nose cap. **Vigilante™ Premium (VP)** series are fully contoured, with a flip-up top edge for hood and windshield protection. **Camo VP** are made in officially licensed camouflage patterns, micro-infused into the material for a scratch resistant, UV stable finish. **Chrome VP** are polished chrome plated ABS for a perfect fit, without wrinkles or sharp edges.

Specialty Series Hood Shields

Specialty Series Hood Shields

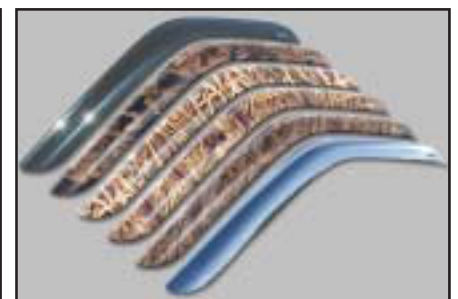

Make a statement with new Specialty hood shields. Available in several themes to suit your customer's personality and style. Made with state of the art printing technology to produce photo quality graphics on high strength impact resistant polymer material. The graphics are UV stable, fade resistant and guaranteed to last. *Limited applications, some items are special order.*

Side Window Deflectors

Stampede Sidewinds side window deflectors keep out unwanted sun, wind and rain while allowing fresh air in. Narrow 3 inch profile is unobtrusive. Permanent mount with pre-applied 3M® tape. Kit includes alcohol cleaning pads. Standard kits are made of dark smoke tinted acrylic. Also available in Camo and Chrome finish. Made in USA. **Ltd. Lifetime Warranty.**

Tailgate Step

Bed Hopper provides a handy step midway between the ground and bed. Universal application mounts to truck tailgate. Made with high strength aluminum alloy and supports 400 lbs. Made in USA

Tire Step

Tire Hopper Step provides a convenient step to access van or SUV roof racks. Adjusts to fit any tire. Folds flat for easy storage. Made with high strength aluminum alloy and supports up to 400 lbs. Made in USA (TH2100)

Stainless Steel Tube Rails

Raptor rails are made of heavy gauge 2 inch round, mirror polished stainless steel tubing. **UNIVERSAL** rails are available in sizes to fit any truck - simply measure between the stake pockets, drill holes and bolt them on. **STAKE POCKET** rails have welded end tabs for no-drill mounting. Special 48 and 36 inch models for toolbox and mini bed applications. Made in China. *Ltd. Lifetime Warranty*

Aluminum Truck Rails

Dynasport & Aventura aluminum rails are available in all black, or bright with black trim. Designed to be cut to length, one part number fits any bed! Great with toolboxes. Drilling required to mount.

LPS are slotted to provide multiple tie down points. Bright aluminum finish is clear anodized. Drill-on mounting. Toggle bolts included for installation on pickup trucks with stake pockets. Made in USA. *Warranty: 3 years.*

Perrycraft Roof Rails

Roof Rails add style and function to wagons, extended or crew cab pickup trucks, minivans and SUV's. Easily adapts to fit various roof contours and can be cut to fit any vehicle. Installs with self sealing stainless steel screws. Aluminum construction. Ideal with clamp-on load bars. **DynaSport** is available in black powdercoat or bright anodized finish. **Aventura** comes in choice of black or silver powdercoat. Made in USA. *Warranty: 3 yrs*

By Perrycraft

MontBlanc Upgrade X-Bars

Mont Blanc cross-bars clamp on to most raised rail roof racks or rails. Theft-proof locking clamp is padded so it won't scratch the rail. Designed to fit a variety of accessory carrier attachments. Made in Sweden. *Warranty: 3 yrs 220 lb load capacity*

220 LB CAPACITY

MontBlanc Grip Series has black traditional rectangular bars to fit standard 20x32mm eurobar accessories. Special models available for low clearance side rails (-02) and the Mini Cooper.

Maggie Rack Roof Rails

Universal Load Bearing Roof Rails Articulating stanchions are adjustable to work on nearly any roof curvature. Heavy duty aluminum side rails rotate to reveal a T-slot which will accommodate any track mount load bar system, such as SportQuest®, Thule® or Yakima® [sold separately]. Ideal for SUV's, and extended or crew cab pickup trucks. Rugged styling is similar to many late model factory rails and racks. 64 inch length can be cut to fit any roof length. Made in USA. *Warranty: 1 yr*

175 LB CAPACITY

Frontier Removable Load Bars

NEW!

165 LB CAPACITY

for raised rails

Frontier Load Bars enable the use of roof mounted accessory carriers without permanent mounting. Special hooks clip to gutter rails or into the upper door jam. Also available in clamp-on for raised crossbars. Security locks prevent theft. Suitable for cars and trucks. Made in Canada. *Warranty: 3 yrs 165 lb load capacity*

MontBlanc Aerowing Series uses stylish satin silver anodized bars with a standard T-slot for accessory mounting.

DONMAR stocks a wide range of aftermarket roof racks to fit most wagons, trucks, vans and SUV's. All of our roof racks feature fully adjustable crossbars and install with self sealing stainless steel screws. We also offer Load Bar and Accessory Carrier systems for full functionality.

Activa Series roof racks offer sleek, modern styling similar to the Chevy Venture van. Made to OEM specs with roll formed galvanized steel and premium plastics. Installer friendly self sealing screws. Satin black powdercoat finish. Made in Canada. *Warranty: 1 yr [100lb load capacity]*

GLIDER mounts in factory holes on 1996-02 Toyota 4Runners. Features theft deterrent fasteners, heavy duty adjustable crossbars and sleek aero styling. Made in Canada. *Warranty: 1 yr [160lb load capacity]* (Add a screw pack to install on other vehicles.)

SportQuest heavy duty Euro standard rectangular aluminum tubing and rugged molded supports provide *180 pound load carrying capacity* (evenly distributed). Cut crossbars to fit, and mount flush to stanchions, or pass-thru for extra width. **TRACK MOUNT System** (1-2) includes Trac-Mate rails for adjustability and style. **PAD MOUNT System** (3) permanently mounts a small fixed pad to vehicle roof. **TRACK ADAPTER System** (4) attaches SportQuest bars to existing OE track style roof racks. **RAISED RAIL System** (5) clamps over most raised side rail racks and truck rails. Stanchion and crossbar are removable. Made in USA. *Warranty: 3 yrs*

Aventura roof racks are styled like many current factory racks with raised side rails. Heavy duty aluminum construction with satin black or silver powdercoat finish. Crossbars slide in connectors to provide full adjustment on tapered rooflines. Made in USA. *Warranty: 3 yrs [110lb load capacity]*

DynaSport roof racks are styled like late model Chrysler minivan racks. Easily adapts to fit various roof contours and can be cut to fit any vehicle. Aluminum construction with satin black powdercoat or bright anodized finish. Made in USA *Warranty: 3 yrs [75lb load capacity]*

SporTrek track style roof racks offer modern aero styling, function and durability at an affordable price. Styled like the original Explorer rack with teardrop stanchions. Adapts to fit various roof contours and can be easily cut to fit any vehicle. Aluminum construction with satin black powdercoat finish. Adjustable tie down loops included. Made in USA *Warranty: 3 yrs [75lb load capacity]*

Premium Series Deck Racks are available in standard 9° sweep and extra curve (maxi) 27° sweep models, Dycrest aero styled deck racks look great on any car. Black racks are powder coated galvanized steel with molded black stanchions. Bright racks are brushed stainless steel with chrome plated stanchions. Made in USA. *Warranty: 1 yr*

Seat Heater Systems

Add more driving comfort with or without leather. Webasto seat heater systems offer rapid heat-up with even heat distribution. Built in thermostats provide consistent temperature control. Simple Hi/Low switches control individual comfort. Available in cut to fit Carbon fiber or wired kits for both seat and back area. Universal fit, easy installation. **IMPORTANT: for vehicles with seat bottom occupant sensors, install lumbar pads only.**

Feel the drive

Manufactured for exclusive distribution by Webasto

HotShot is installed into the wiper/washer system of the vehicle and provides heated washer fluid with the touch of a button .

HotShot Advantages

- Removes insects, dust, salt, mud, and residue
- Prevents cleared windshield from fogging/re-freezing
- Cleans windshield all year round
- Increased safety due to clear visibility
- Convenient cleaning at the touch of a button
- Utilizes existing washer fluid
- Unblocks frozen wipers and nozzles
- Universal - one part number - fits all!

Z Grille - Custom Pattern

ATS Grilles

Replacement grilles with full metal bezel and 4mm polished aluminum billet mount in factory holes on Ford, GM & Dodge trucks. Made in China.

CHROME ACCENTS

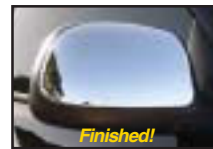

Add luxury and style with chrome accents. Chrome plated molded plastic ensures a perfect fit. Most items install with 3M tape.

Mirror Caps - full tape-on mirror overlays and snap-on overlays/inserts.

Fits Into Existing Holes

Finished!

Tail Light Bezels - surround the feature lines without blocking the brake light.

Brake Light Overlays - dress up the cab mounted third brake lamp on pickup trucks.

Door Handle Covers - for side doors, rear doors, and tailgate latches. Important: specify if vehicle has passenger side locks and/or exterior keypad when ordering.

Package with other chrome or polished s.s. products including: Hood Shields, Side Window Vents, Sunroof Deflectors, Deck Racks, Grilles, Bull Bars, Grille Guards, Nerf Bars, Running Boards and more!

Fuel Doors - chromed aluminum replacements and plastic overlays.

Porthole Fender Vents add classic styling. Square or oval style vents. Sold in sets of 6.

Wind deflectors improve air flow while reducing wind noise. Our sunroof deflectors are made of dark tinted acrylic to reduce glare and maintain good visibility. A graceful curved leading edge harmonizes with vehicle windshield curves to enhance appearance, add style and utility.

SKYROOF® Universal Mount Deflectors

SKYROOF® sunroof deflectors to fit virtually any sunroof on the market – simply choose a size to fit around the outside of the sunroof frame. Made from 5mm thick, dark smoke acrylic, just like OEM deflectors. Gasket is pre-mounted for easy install. Exclusive SKYROOF® universal attachment hardware screws into vehicle roof for secure, watertight, permanent mounting. Made in USA.

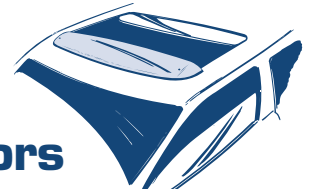

Tape-On Deflectors

Stamper WindTamer™ deflectors attach to the vehicle roof with 3M automotive grade tape for secure, permanent mounting without drilling. Universal fit - simply choose a size to fit around the outside of the sunroof frame. Made of lightweight tinted acrylic. Also available in chrome and specialty patterns. See applications chart for sizes and part numbers. Made in USA.

CHROME

Bene-Vento® Sunroof Deflectors

CUSTOM FIT Clip-On Deflectors mount to the sunroof housing with specially designed stainless steel clips. Gasket is pre-mounted for easy installation. Models available to fit most factory and aftermarket internal sliding sunroofs. See applications chart for fitments and part numbers.

Dual Adjustable Flap Deflectors allow both the driver and passenger to direct airflow into the vehicle for maximum ventilation. See applications for recommended model. BV8000 series, same applications as 4000 series.

Aeroforce Deflectors* are aggressively styled for great looks and greater air deflection. Three mounting points per side allow this uniquely shaped deflector to fit more vehicles with fewer part numbers. *Special Order.*

SFC Pop-Up Sunroofs

All models include HP tinted glass for 92% UV protection. Available with a choice of universal L-section trim ring (05) or versatile T-Section trim ring (06) for perfect trimming in any headliner, hard or soft. Aluminum frames are finished with durable satin black powder coat. Quick release locking front hinges and latch. Made in USA. *Warranty 5 yrs.*

SFC
SUNROOFS

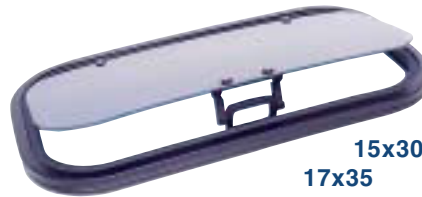

Universal Trim Ring
Universal trim ring with multiple peel away options.

Molded Trim Ring
Speeds and simplifies installation of hard or thick molded headliners. Allows further flexibility in installation approach.

AutoPort® sunroofs are traditionally styled with relaxed radius corners and a straight front. Includes single position easy-to-operate standard latch. Sizes 15x30 and 17x35.

15x30
17x35

NewPort® sunroofs (NP) feature a curved leading edge and tight radius corners for a stylish OEM look. Includes 3 position bio-mechanical latch. Available in six versatile sizes, including: 14x32, 17x32, 20x32, 16x36 (Wider), 22x38 (Monster), and 18x28 (Compact).

VENT model (VT1717) has a narrow single position latch, and can be installed in pairs for a his-n-hers look.

Roller Shades

Inalfa F-Series Pop-Up Sunroofs

Inalfa (fka Farmont) pop-up sunroof frames are molded from a flexible glass reinforced polyamide composite material which adjusts to roof contours. All feature a curved leading edge, tight radius corners, silicone rubber seals, and dark tinted privacy glass. Versatile T-Section trim ring allows for full wrap finish or quickfit installs. Made in Italy. *Warranty: 3 yr/36,000 mi. Transferrable.*

VALUE LEADER F700 (16x31) sunroofs feature an ergonomic 3-position locking lever latch with a generous 4" vent opening. Optional flexible quick-fit trim bezel.

FACTORY CHOICE F400 (17x32) includes integrated dual roller shades.

Optional Flexible Quick-Fit Ring available for F400

FUNSPORT® Pop-Up Sunroofs

FUNSPORT® Pop-Up Sunroofs are designed to look built in, not bolted on. Flush mounted, compound contoured glass and a low profile frame combined with tight radius corners and rectangular exterior hardware give FUNSPORT® Pop-Up Sunroofs an OEM appearance. T-Section trim ring allows easy installation and perfect trimming in any headliner, hard or soft. Locking front hinges and multi-position handles add to the convenience and ease of use. Choice of HP tinted or fine mesh printed (70% ceramic screen) glass.

FUNSPORT® II features a graceful curved leading edge which accents vehicle windshield curve to enhance the sunroof's OEM look. Curved front Sizes 14x32, 17x32, and 19x34.

FUNSPORT® 1530 is a value priced model with all the same great features as the bow front sunroofs, without the curved leading edge. Optional sun shades and storage bags are also available. Made in USA & Korea. Backed by DONMAR's exclusive limited **Lifetime Warranty**.

Many vehicles have overhead center consoles which must be modified or cut to make space for a sunroof. DONMAR console modification kits make the job easy. Made in USA

Quick Caps finish the cut end of a factory console, and install in minutes. Caps can be cloth covered, painted, or left as is (UV stable, hi-temp plastic). Wire extensions included as needed. Ideal location for electric sunroof switches.

Console Shell Replacement Pods mount original lights, electronics and switches in smaller pods to make room for the sunroof. Mounting hardware included. Console shells must be covered with headliner.

NOTE: Front mounted motors may interfere with electronic compass sensors. Magnetic shielding can minimize this problem. Some spoilers may not be suitable for use with console kits due to motor size or depth interference. Headliner recovering is required for most applications - there is no headliner under the console to peel-and-wrap.

Power Shears

New tighter radius cutting model is ideal for sunroof installation, this tool eliminates the problems of rust staining metal filings, roof distortion, and broken blades common to jig saws. This 1/3 HP, 120V electric shear feeds at up to 15ft./min. Cuts up to 18 gauge thick mild steel. Double-cutting action puts the distortion in the 7/32" waste curl, leaving both sides of the cut straight and clean with no need to file or de-burr. This shear easily follows straight or curved lines. Built to last with a die cast aluminum cutting head and gear housing, plus ball and needle bearings throughout! *1 Year Manufacturer's Ltd. Warranty.*

- K-200** Kett Power Sheet Metal Shears \$XX
- KIT102** Ket Blade Kit (bushing + left, right & center blades) \$XX

Power Shears

Single cutting action leaves no waste and provides a clear, unobstructed view of the pattern line. Cuts curves as tight as 7/8" radius. Sheared metal rides smoothly over and under the steel yoke. Steel deflector protects hand. Adjustable lower blade. Upper/lower blades can be rotated 4x 90° for a new sharp edge, extending blade life. 120V AC, 4.3 Amps, 5,000 SPM. Cuts up to 18 gauge mild steel. Built to last. *Manufacturer's Warranty: 1 yr. [Special Order].* Includes: Allen Wrench, Feeler Gauge, Blades, Steel Deflector, and Instructions.

- BOSCH-1500C** \$XX

Oscillating Knife

Industrial grade air motor oscillates at over 20,000 rpm. Standard 6 sided [hex] mounting collar works with most oscillating knife blades, including the "Magic Wheel." Includes 24 inch air hose pigtail with strain relief. Tool only, no blades included.

- AK60TOOL** Air Powered Oscillating Knife Tool \$XX

Fein "Magic Wheel" Saw Blade

3-1/8" Circular Saw Oscillating Knife Blade is ideal for cutting anti-flutter bows without throwing hot sparks. Fits most standard air and electric oscillating cut-out knives that use a six or twelve-sided [hex or star] blade mount. Note: these blades are not warranted against breakage - they are made from tempered steel that is strong but brittle and will break if flexed to an extreme.

- FKB103*** Magic Wheel Saw Blade \$XX

DONMAR Ultimate Headliner Tool

Saws through hard board and fiberglass headliners like a hot knife through butter. Cuts both the cloth and the board without tears or snags. Special serrated edge never needs sharpening and won't cut your skin. Also works as a fillet tool to separate headliner cloth from the board.

- H4310** Ultimate Headliner Tool \$XX

Lil' Chizler

Multi-purpose scraper, spreader and squeegee is perfect for tint, sunroofs and striping. Hot pink color makes it easy to find in your toolbox.

- LCHIZ** \$XX

Glazing Stick

A multi-purpose tool for both sunroof and auto glass installers. Great for cleaning up excess sealant around sunroof. Molded from a break resistant, self-lubricating plastic.

- STICK** \$XX

Paint Marker

For easy rust proofing on any fresh cut hole. Great for sunroofs, racks and wings. No mess. Quick drying. Protects bare metal surfaces from corrosive moisture.

- PMARK** Paint Marker (black) \$XX

Marking Pencils

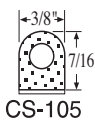

Great for marking sunroof patterns or mounting holes on racks and wings. Non-acidic grease pencil writes on and wipes off any metal, glass or painted surface. Pak of 2 includes one white and one black *fine point* grease pencil with handy sharpener.

- 1256GMP** Scribe-All Fine Point Grease Pencils \$XX
