

# QUALITY AFTERMARKET RACKS

## ACTIVA™ Series

Sleek, modern styling looks like the Chevy Venture. Made to OEM specs from heavy duty roll formed steel and high quality injection molded composites. Installer friendly self sealing screws. Fully adjustable crossbars. Paintable satin black finish. Made in USA.

## DYCREST PREMIUM™ Series

Made to OEM specifications from heavy duty roll formed galvanized steel with high quality injection molded composite hardware. Installer friendly self sealing attachment system. Crossbars are fully adjustable with quick-release stanchions. Molded in cargo tie-down loops. Made in USA.

## NOMADIC GLIDER Series

This heavy duty rack is OE for Toyota Canada and mounts in the 4Runner factory holes - the mounting screws are already in place! Features theft deterrent fasteners, adjustable crossbars and sleek aero styling. Made in Canada.

## PREMIUM™ Series Deck Racks

Available in standard 9° sweep and extra curve 27° sweep. Black racks are powder coated galvanized steel with molded black stanchions. Bright racks are brushed stainless steel with chromed stanchions.
