The Perrycraft name has always been synonymous with an active lifestyle. That lifestyle starts with a strong foundation. Perrycraft's foundation was laid over 30 years ago. We continue today with a passionate pursuit of quality in our products, innovation in our processes, and a dedication to our people. American made products in the various Perrycraft brands offer choices for fit, form, and function for nearly every vehicle on the road. If you Get Outside and...whatever, most likely Perrycraft has a product to fit your needs. Whether you want a roof rack or rail set to give that "finished" look to your vehicle, or you need to load up your gear for a week long excursion, Perrycraft helps create usable space on top of your vehicle, or the bed rails of your truck.

Perrycraft also distributes one of the top accessory brands in the world, Mont Blanc. Produced in Sweden, Mont Blanc's line of cross bars, bike carriers, and ski carriers help get you to the head of the trail or the top of the mountain safely and securely. Award winning design insures products with great looks and function.

Perrycraft's roof racks, roof rails, and truck bed rails feature:

- Original equipment styling
- Tempered aluminum rails and cross bars (racks)
- Self-sealing stainless steel fasteners or bolt through systems for fiberglass or composite surfaces.
- Fully adjustable cross bars (racks)
- UV-resistant nylon components
- Drill mount installation. Roof racks, roof rails, and truck bed rails do not fit to factory fitment points.
- 3-year limited warranty
- Made in the USA

\*Application guide can be found online at <http://www.perrycraft.com/c-1-vehicle-lookup.aspx>.

\*Hardware Kits required for installing **Aventura** (HWAVTC-UV), **DynaSport** (HWDSTC-UV), **SportQuest** (HWSTTC-UV) & **SporTrek** (HWSTTC-UV) Roof Racks on Fiberglass Truck Caps, Tonneau Covers, Jeep™ Tops and vehicles without headliners (utility vans).

# Grab Handles

## CONTEMPO™

SPORT STYLE

- An attractive and practical addition to pickups, vans, RV's, and SUV's.
- Self-sealing stainless steel fasteners included for easy installation.
- Constructed of durable, mirror-polished stainless steel tubing and end supports.
- Three standard lengths (12", 15", and 18") and two style choices (Traditional and Sport).

TRADITIONAL STYLE

**\*Grab Handle kits include two bars and mounting hardware.**

## Roof Racks

*Aventura*

- OEM Styling.
- Top side drill mount installation. No need to drop the headliner.
- Structural aluminum and UV stabilized nylon.
- 110 lbs. (evenly distributed) carrying capacity.
- Not recommended for carrying long material like ladders, lumber, canoes, or kayaks.
- Available in textured black or stardust silver powder coat.
- Hardware kit HWAVTC-UV (sold separately) enables installation of **Aventura** roof racks and rail sets on fiberglass or composite pickup truck caps/covers, tonneau covers, Jeep™ tops, and vehicles without headliners.

**SPORTREK™**

- OEM Styling.
- Top side drill mount installation. No need to drop the headliner.
- Structural aluminum and UV stabilized nylon.
- 75 lbs. (evenly distributed) carrying capacity.
- Not recommended for carrying long material like ladders, lumber, canoes, or kayaks (See Load Bars pages 12-13 for added capacity).
- Available in textured black powder coat.
- Hardware kit HWSTTC-UV (sold separately) enables installation of **SportTrek** roof racks on fiberglass or composite pickup truck caps/covers, tonneau covers, Jeep™ tops, and vehicles without headliners.

## DYNA SPORT

- OEM Styling.
- Top side drill mount installation. No need to drop the headliner.
- Structural aluminum and UV stabilized nylon.
- 75 lbs. (evenly distributed) carrying capacity.
- Not recommended for carrying long material like ladders, lumber, canoes, or kayaks (see load bars pages 12-13 for added capacity).
- Available in textured black powder coat or bright anodized.
- Hardware kit HWDSTC-UV (sold separately) enables installation of **DynaSport** roof racks and rail sets on fiberglass or composite pickup truck caps/covers, tonneau covers, Jeep™ tops, and vehicles without headliners.

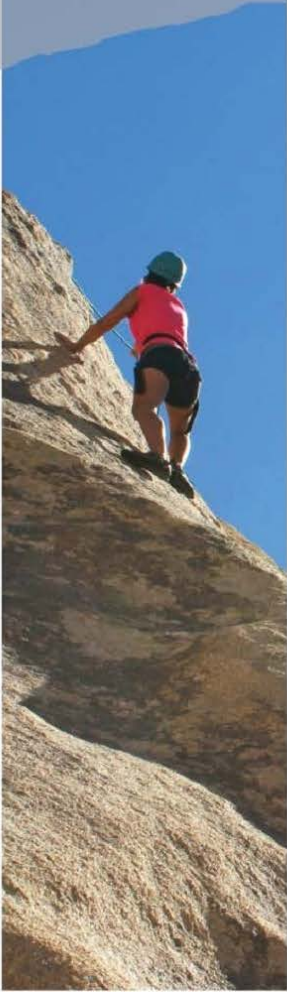

## sportQUEST™

- Top side drill mount installation. No need to drop the headliner.
- Structural aluminum and UV stabilized nylon.
- Beefy 180 lbs. (evenly distributed) carrying capacity.
- Ideal for carrying long material like ladders, lumber, canoes, or kayaks.
- Available in textured black powder coat.
- Included hardware kit provides option for using the cross bars at full length (pass-through) or cutting them down for a finished stanchion fit.
- Hardware kit HWSTTC-UV (sold separately) enables installation of **SportQuest** roof racks on fiberglass or composite pickup truck caps/covers, tonneau covers, Jeep™ tops, and vehicles without headliners.

## Roof Rail Sets

*Aventura*

- OEM Styling.
- Top side drill mount installation. No need to drop the headliner.
- 6 standard lengths (38", 48", 58", 68", 78", and 88")
- Structural aluminum and UV stabilized nylon.
- Available in textured black or stardust silver powder coat.

- Hardware kit HWAVTC-UV (sold separately) enables installation of **Aventura** roof rail sets on fiberglass or composite pickup truck caps/covers, tonneau covers, Jeep™ tops, and vehicles without headliners.
- Add **MB Gripper Load Bars** (220 lbs. load capacity) or **SportQuest Clamp Mount Load Bars** (180 lbs. load capacity) (see pages 12-13) for a great gear platform (evenly distributed).

**DYNASPORT**

- OEM Styling.
- Top side drill mount installation. No need to drop the headliner.
- 6 standard lengths (35", 45", 55", 65", 75", and 85")
- Structural aluminum and UV stabilized nylon.
- Available in textured black or stardust silver powder coat.

- Hardware kit HWDSTC-UV (sold separately) enables installation of **DynaSport** roof rail sets on fiberglass or composite pickup truck caps/covers, tonneau covers, Jeep™ tops, and vehicles without headliners.
- Add **MB Gripper Load Bars** (220 lbs. load capacity) or **SportQuest Clamp Mount Load Bars** (180 lbs. load capacity) (see pages 12-13) for a great gear platform (evenly distributed).

## Truck Bed Rail Set

*Aventura*

- OEM Styling.
- Drill mount installation.
- 2 standard lengths (68" and 88"). Rails can be cut to length for custom fit.
- Structural aluminum and UV stabilized nylon.
- Available in textured black or stardust silver powder coat.

- Hardware kit HWAUTC-UV (sold separately) enables bolt-through installation of **Aventura** truck bed rail sets on bed rails (if accessible).
- Add **MB Gripper Load Bars** (220 lbs. load capacity) or **SportQuest Clamp Mount Load Bars** (180 lbs. load capacity) (see pages 12-13) for a great gear platform (evenly distributed).

**DYNA SPORT**

- OEM Styling.
- Drill mount installation.
- 2 standard lengths (68" and 88"). Rails can be cut to length for custom fit.
- Structural aluminum and UV stabilized nylon.
- Available in textured black powder coat or bright-dip anodized.

- Hardware kit HWDSTC-UV (sold separately) enables bolt-through installation of **DynaSport** truck bed rail sets on bed rails (if accessible).
- Add **MB Gripper Load Bars** (220 lbs. load capacity) or **SportQuest Clamp Mount Load Bars** (180 lbs. load capacity) (see pages 12-13) for a great gear platform (evenly distributed).

## Truck Bed Rail Set

### MINI TUBE RAIL – BULLET

- Available in 8 lengths for various applications (27", 36", 48", 58", 62", 68", 72", and 96").
- Drill mount installation.
- All components are made from marine grade stainless steel.
- 2 to 4 stanchions for each side (depending on length of rail).
- Bullet rails cannot be resized.

### MINI TUBE RAIL – EXPRESS

- Available in 2 lengths (68" and 88")
- Drill mount installation.
- Stanchions designed to point in one direction, forward or aft.
- Express rails can be cut for custom installations.

### MINI TUBE RAIL – IMPACT

- Available in 2 lengths (68" and 88")
- Drill mount installation.
- End stanchions designed to point toward each other.
- Impact rails can be cut for custom installations.

**MINI TUBE RAIL – TORPEDO**

- Available in 3 lengths (68", 79", and 96")
- Drill mount installation. End stanchions can be mounted into stake pockets.
- Torpedo rails can be cut for custom installations.

**LOW PROFILE SLOTTED TRUCK RAILS**

- Bright anodized aluminum.
- Rails are 2" high and 2" wide, L shaped.
- Available in 5 lengths (54", 69", 72", 76", and 96").
- Kit includes 2 rails and mounting hardware.

## Load Bars

**GRIPPER**

### MB GRIPPER LOAD BARS – ADD ON

- 220 lbs. (evenly distributed) load capacity.
- Available in 2 lengths (47" and 62").
- 47" length available in either black square cross bars or satin anodized AirWing cross bars (with T-slot for accessories). 62" only available in black.

- Clamps to **Aventura** and **DynaSport** roof racks and rail sets and many factory style raised rail and flush mount rail systems.
- Kit includes 2 cross bars, 4 feet, 4 locks, and 2 keys.
- Made in Sweden.

sportQUEST™

**SPORTQUEST CLAMP MOUNT LOAD BARS – ADD ON**

- Available in 3 lengths (55", 62", and 70").
- 180 lbs. (evenly distributed) load capacity.
- Feet clamp to **Perrycraft's Aventura** and **DynaSport** rails and many factory style raised rails.
- Black textured powder coat.

**PASS THROUGH**

STANCHION FIT

**SPORTQUEST PAD MOUNT LOAD BARS – PERMANENT MOUNT**

- Extremely versatile load bar system that can be mounted almost anywhere.
- 2 front and 2 rear feet are drill mounted to the surface and the load bars snap into place.
- Perfect for those applications where a rail set won't work (sedans).
- Available in 3 lengths of cross bar (55", 62", and 70").
- 180 lbs. (evenly distributed) load capacity.
- Included hardware kit provides option for using the cross bars at full length (pass-through) or cutting them down for a finished stanchion fit.
- Hardware kit HWSTTC-UV (sold separately) enables installation of **SportQuest Pad Mount Load Bars** on fiberglass or composite pickup truck caps/covers, tonneau covers, Jeep™ tops, and vehicles without headliners.

## Sports Carriers

**GRIPPER**

### MB MAST HOLDER

- Economical, multi-use holder.
- Secure masts, oars, rods, poles, etc.
- 1.25" opening, 1.5" depth with indexing rubber strap for various sized objects.
- Fits square cross bars.
- Sold in a pair.
- Made in Sweden.

### MB ODIN LOAD STOPS

- Ideal for securing material side to side on cross bars.
- Innovative design allows for two position mounting (4" or 7").
- Made of fiberglass reinforced, UV resistant plastic.
- Always strap material to cross bars, not load stops.
- Sold in a pair.
- Included hardware for square, T-slot, and factory cross bars.
- Made in Sweden

### MB UN HARDWARE

- Allows MB bike carriers and ski carriers to attach to factory style cross bars.
- Anodized aluminum construction with rubber liner to protect cross bar finish.
- Attaches to factory style cross bars and creates T-slots for securing carriers with normally included hardware.
- Sold in a pack of 4.
- Made in Sweden.

# GRIPPER

## SKI CARRIERS

### MB MCKINLEY

- Scissor style carrier with rubber inserts to protect material surfaces.
- 23" wide. Carries up to 4 pairs of skis or two snowboards.
- Can also be used to carry fishing poles or long, thin material securely.
- Included hardware for square or T-slot cross bars.
- Locks and keys included.
- Made in Sweden.

### MB EVEREST

- Scissor style carrier with rubber inserts to protect material surfaces.
- 31" wide. Carries up to 6 pairs of skis or 4 snowboards.
- Can also be used to carry fishing poles or long, thin material securely.
- Included hardware for square or T-slot cross bars.
- Locks and keys included.
- Made in Sweden.

## BIKE CARRIERS

### MB SCOTT

- Adjustable wheel trays allow custom fit to various bike sizes.
- Fits 1"-3" diameter bike frames.
- Included hardware for square or T-slot cross bars.
- Locks & keys included to secure bike to carrier & carrier to cross bars.
- Carries 1 bike.
- Made in Sweden.

### MB BARRACUDA

- Revolutionary, award winning design.
- Features a molded wheel tray for stability while securing the bike.
- Fits 1"-3" diameter bike frames.
- Instructions for driver side or passenger side installation.
- Included hardware for square or T-slot cross bars.
- Locks & keys included to secure bike to carrier & carrier to cross bars.
- Carries 1 bike.
- Made in Sweden.
