

SUNROOFS by DONMAR

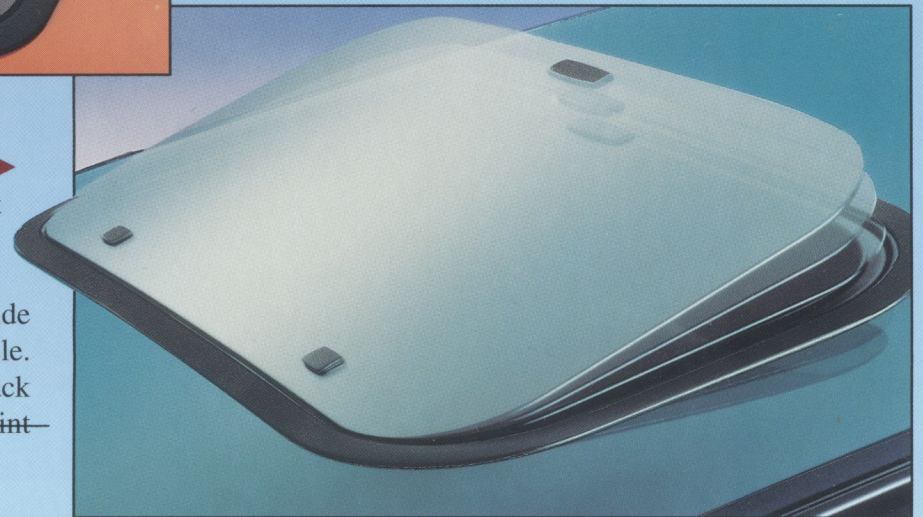

Enjoy a lifetime of style, luxury and sunshine...

Premium Sunhatch

◀ DONMAR® PREMIUM SUNROOFS

Style and elegance can only begin to describe the modern look of DONMAR Premium Sunroofs. Perfectly sculpted frames with tight radius corners, flush fitting edges and a gracefully contoured leading edge enhance the look of today's cars and trucks.

Frames are finished with a special textured coating which resists aging, scratches and chips, while the glass is offered in a choice of dot print or reflective tint. Choice of frame sizes: 17x31, 18x34 and new 15x31 inch (15x31 includes contoured T-section clamp ring).

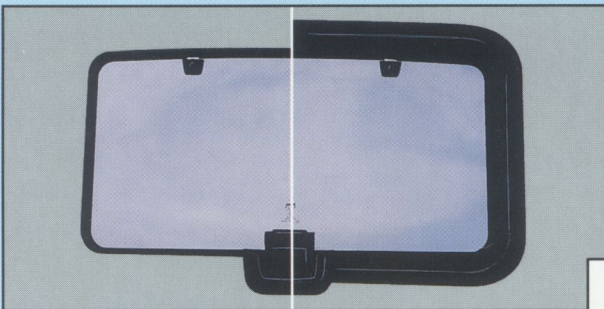

Classic Sunmate

DONMAR® CLASSIC SUNROOFS ▶

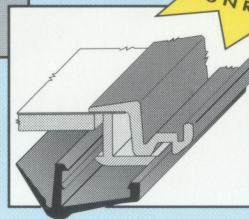

DONMAR Classic Sunroofs are the perfect blend of traditional styling and modern engineering. Relaxed corners and a straight front, combined with OEM style hardware inside and out make this sunroof look great on any vehicle.

Frames are richly finished in durable satin black powdercoat, with either dot print or reflective tint glass. Sizes: 16 x 32, 18 x 32 and 19 x 36 inch.

DONMAR Premium and Classic Sunroofs feature an ergonomically designed, 3 position locking latch with quick release for easy glass removal.

As shown above on a Premium model, DONMAR Sunroofs can be fully trimmed for a factory fitted look, or use the optional trim bezel which conforms to the contours of sculpted hard headliners for the ultimate "quick-fit" installation with an elegantly finished appearance.

**Quick-Fit
SUNROOFS**

DONMAR® Pop-Up Sunroofs are backed by a limited Lifetime warranty. See written warranty statement for complete details.
